## Monitor your energy use!

If you're logged in online, go to the **My Usage** tab. On the app, go to the **Usage** tab.

Three different tools online:

### USAGE EXPLORER

Get a detailed look at your past and current energy use, all in one place. View your usage and weather trends by the month, day or hour.

### USAGE COMPARISON

Compare past monthly bills side-by-side and determine if new energy-saving habits are making a difference.

### AVERAGE USAGE

Select a specific time period to see how much electricity you typically use.
