

Public Safety and Industrial Member Critical-load Application

Nonresidential members that fall into public safety and industrial categories may apply for critical-load status.

What is public safety and industrial critical load?

- Public safety: a member for whom electric service is critical to maintain public safety; including but not limited to hospitals, emergency rooms, fire departments, EMS, police offices and sheriff's facilities, and critical water and wastewater facilities.
- Industrial: a member for whom an interruption in electric service would create a dangerous condition or significant disruption on the members' premises.

To apply for critical-load status, public safety and industrial members should download and complete this form, and submit it by email to criticalload@bluebonnet.coop.

DATE: _____

MEMBER/FACILITY NAME: _____

ACCOUNT NUMBER: _____

METER NUMBER: _____

SERVICE ADDRESS: _____

MAILING ADDRESS (if different from service address): _____

ON-SITE CONTACT NAME: _____ **TITLE:** _____

EMERGENCY CONTACT NAME: _____ **TITLE:** _____

EMERGENCY CONTACT PHONE: _____ **EMAIL:** _____

DOES FACILITY HAVE BACK-UP GENERATION? YES _____ **NO** _____

IF YES, HOW MANY HOURS CAN IT RUN ON AVAILABLE FUEL? _____

Critical-load status does not guarantee or ensure uninterrupted electric service, or exclude members from being included in ERCOT mandated rotating outages or planned service interruptions. Members with critical-load status are encouraged to have plans in place for on-site back-up generation in the event of power outages.

Members with questions regarding critical-load status may contact Thomas Ellis, Bluebonnet's Manager of Engineering, at criticalload@bluebonnet.coop.
